

XL TC TILE CLEANER

Tech Data Sheet

XL TC is a biodegradable formulation based on a synergistic blend of biodegradable surfactants allowing for superior penetration and removal of oily/greasy soils. Containing no solvents, butyl, glycol ethers, with zero VOC's and low odor, this product is a superior degreaser for many heavy duty industrial applications.

Where To Use: **XL TC** is designed for use on floor and wall tile including ceramics, porcelains, stone and concrete.

How To Use: **XL TC** can be used diluted 1:8 for heavy duty cleaning or 1:16 for normal build, mix with clean fresh water, hot water may be used to speed up the process. Apply either with pump up sprayer or via mop and bucket. Allow to dwell for approximately 5 minutes then agitate with brush.

For the best results upon removal, use a portable extractor with a hard surface wand, or mop bucket, rinse thoroughly.

Do not use undiluted on composition floors, water based painted surfaces, or aluminum. After use of this product, surfaces should be rinsed freely with water. Do not use on glass. Avoid contact with eyes and mucous membranes. May cause eye irritation.
