XL MATTE FLOOR FINISH

Tech Data Sheet

As true Matte floor finish, **XL Matte Floor Finish** provides extreme clarity without the gloss. Leveling is not an issue with XL Matte while providing a durable protection. Infused with **Intersept®** makes this a must for LVT and Linoleum projects.

WHERE TO USE

XL Matte Floor Finish offers a variety of surface applications including Vinyl, Linoleum and other Resilient Floors.

DIRECTIONS

Sweep the floor first using a dust mop or hard surface vacuum. Prior to application, floor should be completely stripped of old finish and thoroughly rinsed. The floor should be completely dry before applying first coat and all subsequent coats. Do not use an air mover or fan to dry finish. Apply in thin coats, evenly. On unsealed floors, apply 3-4 coats. On cleaned or scrubbed floors, apply as needed. For best results use a microfiber pad to apply the finish. Allow the finish to cure for 24 hours before placing any heavy furniture on the floor. Do not slide furniture on finished floor.

INTERSEPT® ANTIMICROBIAL

Intersept® is an antimicrobial preservative that protects the cured floor finish against a broad spectrum of bacteria and fungi, including odor - and stain-causing microorganisms.

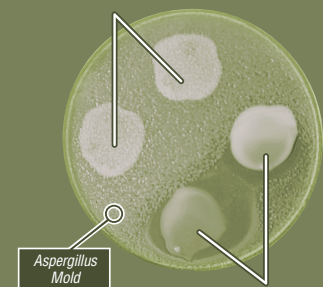

Intersept® is registered with the EPA and meets stringent certification standards set by the three most recognized testing protocols related to indoor environmental quality – the State of Washington Protocol, CRI Green Label and GSA Antimicrobial Certification. Yet, despite its proven ability as a microbial inhibiting preservative, **Intersept®** is low in toxicity and contains no arsenic, heavy metals, phenols or formaldehyde.

TECHNICAL SPECIFICATIONS

COLOR:	Milk-White	TYPE:	Acrylic Polymer
FORM:	Liquid	INITIAL GLOSS:	N/A
SCENT:	Mild Solvent/Polymer	RECOAT DRYING TIME:	Minimum 30 Minutes
pH:	8.0	COVERAGE:	2500 - 3000 sq. ft.
FLASH POINT:	None	LEVELING:	Excellent
FOAM:	None	SLIP COEFFICIENT:	0.57
VISCOSITY:	Water Thin	REMOVABILITY:	Excellent
STORAGE (Unopened):	1 Year @ R.T.	SCUFF RESISTANCE:	Very Good
BIODEGRADABLE:	Yes	DETERGENT RESISTANT:	Very Good
WEIGHT/GAL:	8	HIGH SPEED BURNISH:	Yes
SHIPPING CLASS:	None	DILUTION:	Use As Is
PACKAGING:	4x1 Gal. Case, 5 Gal. Pail
