

Digests and removes proteins and organic spills such as blood, urine, vomit, feces and milk products.

For use on carpets and water-cleanable fabrics.

Specialty Spotting, Cleaning Solution

GRAB Enzyme Spotter

Enzyme Digester and Deodorizer

Ready to use
Commercial Grade
For Professional Use Only
Read All Instructions and Precautions Before Using

How To Use:

Ready to use. Always pre-test in an inconspicuous location before using. Do not use on wool carpet or fabrics.

1. Remove any surface soil. Apply GRAB® Enzyme Spotter directly to spot.
2. Allow dwell time for enzymes to work. Works best when warm. If needed, warm carpet or fabric with light mist from steam iron (do not touch iron to carpet or fabric).
3. Rinse extract with fiber rinse or warm water. Repeat if needed. Store in cool area.

NOTE: Do not allow treated area to dry prior to extraction. Do not use in conjunction with any disinfectants.

pH:4.0-5.0

Also available
GRAB Grease
& Oil Remover

16 oz.
